EXPERIENCE & TRAINING

Web Development Intern

CodeAlpha

- Developed responsive and interactive front-end web components using HTML, CSS, and JavaScript.
- Utilized Git and GitHub for project version control, repository management, and hosting.
- Collaborated on structured web tasks focusing on cross-browser usability and clean UI design.

Web Development — CSS Bootcamp

Computing Students Society

- Built custom portfolio layouts and e-commerce landing pages applying modern CSS standards.
- Mastered responsive design techniques including Flexbox, CSS Grid, custom typography, and spatial rules.

FEATURED PROJECTS

Weather App

HTML • CSS • JAVASCRIPT • REST API

Interactive web app fetching real-time weather details and presenting data via a user-friendly UI.

Student Card Generator

HTML • CSS • JAVASCRIPT

Dynamic utility designed to convert structured user inputs into formatted digital student IDs instantly.

Interactive Quiz App

HTML • CSS • JAVASCRIPT

Features dynamic question rendering, real-time score tracking, dynamic state selection, and results.

Task Management (To-Do) App

HTML • CSS • JAVASCRIPT

Clean task manager supporting creation, completion tracking, updates, and deletion of daily goals.

Developer Portfolio Website

HTML • CSS • JAVASCRIPT

Personal website showcasing academic background, skills, featured projects, and contact channels.

Interactive Image Gallery

HTML • CSS • JAVASCRIPT

Responsive image grid with interactive filtering and dynamic view options built during internship training.
